Tasty Delights of Shipshewana & Northern Indiana

There's only one way to begin your day in Amish Country, with a fresh baked good. At your first stop, an **Amish Bakery**, prepare to be enticed the second you walk through the door. You will be welcomed with samples of cinnamon caramel donuts and coffee. Yum! Stroll through the maze of breads, pies, cookies, cakes and whoopee pies. Take some back home to share...or keep to yourself!

Experience the "daily grind" at this 1830s water-powered **Flour Mill**. The horizontal water wheel powers the massive grist stones, grinding corn, wheat, rye and buckwheat the old-fashioned way, slowly, methodically – as if time was only water over the dam.

Homemade Noodles are a specialty only few have the talent and patience of doing. Witness noodle making at this unique market. Owned and operated by an Amish family of eight, each having their own specialties. Noodles are only the beginning though, there are shelves and shelves of honey, peanut butter spreads, spices, candies and candles. You'll be thrilled with what you put in your shopping bag!

With Amish roots and farmer owners, this **Cheese Creamery** will satisfy your craving. Taste the many samples of the simple pleasure of their traditional cheeses and watch the cheese-making process right on site.

You will be welcomed with a smile and warm hospitality at this Amish home. Experience true Amish cooking as you are served a traditional **Haystack Lunch** prepared by your Amish hosts.

Remember the flour from the Mill? Enjoy a baked treat made with that flour, topped with a tasty sample of **Fruit Butter**. At this butter room, you will experience the magic working in this large industrial kitchen. Learn the secrets of making delicious fruit and vegetable butter, Amish peanut butter spread, hot pepper butter and applesauce. You'll leave here inspired to go home and try it for yourself – and a jar or two of your favorites!

Tasty Delights continued...

Nestled away on a backroad, you'll discover a **Popcorn Shop**, one of the area's hidden treasures. Follow the smell of freshly popped popcorn and you will stumble upon a bag for yourself. While munching on your snack, listen as they tell you about their business and give you the opportunity to shop around for a treat to take with. Movie night at home will be that much better now!

When you arrive at this **Amish Home**, the scent of freshly baked treats will drag you in. Gather around to share experiences of the day with friends, old and new. Enjoy homemade sweets, coffee, tea and lemonade. Exactly the way you want a perfect, exclusive day to come to a close.
