

Quilt Gardens Tour

Welcome to Northern Indiana and our New and Unique Quilt Gardens. The only tour of its kind!

In 2011, some 100,000 blooms planted in 18 gigantic gardens along with 18 super-sized murals painted and placed on buildings will represent our 7 communities in Elkhart County. Twenty five different designs reveal the story of area culture and heritage. As you drive the scenic backroads, your guide will share the story of the quilt gardens and murals. You will also hear about garden specifics including types of plants, flower lore and gardening tips. Quilting enthusiasts will enjoy how the quilt patterns are interpreted in flowers. Special exhibits, hands-on projects, and learning demonstrations can enhance your tour. Whether a quilter, gardener or not, this tour is for all ages and interests.

The Quilt Gardens along the Heritage Trail is a American Bus Assoc. Top 100 Event in North America for the 3rd straight year.
